Gelbvieh/Balancer Bulls

VR VOLEK RANCH

Highmore, SD

Welcome to our 2024 Private Treaty Bull Sale.

What a great time to be in the cattle business. Based on the forecasted cow herd numbers we believe that the feeder calf market may be even better in 2025.

We strive to produce performance driven cattle that will excel in the feed yard or as production cows in the pasture. We hope that you will find these traits in the bulls in this years offering.

Bulls are now available for viewing at the ranch on a first-come basis.

The bulls have been developed on a growing ration with longevity in mind and will have a breeding soundness evaluation prior to pickup or delivery.

We will feed the bulls until April 15th at no cost.

Bulls were pre-conditioned with Inforce 3, Pyramid 5 Response SQ, Vision 7 with Spur, and Autogeneous Mycoplasma/Histophilus.

We extend our sincere appreciation and thanks for those that have invested in our genetics in past years. We look forward to having the opportunity to place bulls with new buyers who have already shown interest in our program this year.

A lower percentage bull that is homo black and homo polled by pedigree. If you're a numbers person, you'll like this one. Top 1 for YW & TM, Top 2 For CW, Top 3 for WW & FPI, Top 10 MK, Top 15 for CED, Top 20 for MB. WW Ratio 116. Weaned off a first calf heifer at 842. Calving Ease. Impressive in muscle shape and base width. Thedford calves have been well received by cattlemen and have been selling high at bull sales across the country.

Bulls are available for viewing and sale on a first-come basis. Give us a call if you have any questions.
